

Lemhi County Humane Society

Winter 2012

Dog & Cat Enrichment

Like to walk dogs or play with puppies? The dogs at the shelter get walked and socialized daily. Prefer cats? Our cats and kittens get daily play and interaction. Volunteers are needed to help ensure the animals get the attention they need.

Rags & Wags

Do you enjoy working with people and helping animals? We always need volunteers at Rags & Wags. Proceeds from the thrift store provide approximately 90% of shelter operating expense.

Promote Adoptable Pets

Help promote our animals in need of a home. We need help taking really good photos of the animals, designing posters, and distributing them. Our animals are highlighted on Petfinder. A volunteer is also needed to take pictures and write descriptions of the current animals available for adoption.

Shelter Enhancement

Do you like to garden? Our pets deserve a nice environment. We need volunteers to help with gardening/grounds maintenance once the warm weather gets here. This includes some painting that needs to be done both inside and outside of the shelter.

Volunteer

Help a Homeless Pet Find Their Forever Home

At the Lemhi County Humane Society, volunteers are our **greatest asset**. Without volunteers, it would be impossible to give each animal the exercise, attention, and socialization they really need to prepare for a successful adoption.

We've highlighted a few of our volunteer opportunities. We also need help with fundraising and other special projects. Let us know how you would like to help our pets!

Call 208.756.4100 to start volunteering today!
